

# Stock Albuterol is Critical for Asthma Emergencies at School

**4.6 million**  
children with asthma

**13.8 million**  
missed school days per year

Primary treatment for an asthma flare = quick-relief albuterol inhalers.

Asthma flares should be treated at the first sign of symptoms – any delay increases risk of hospitalization.

Laws in all 50 states allow students to carry albuterol inhalers at school – but what if their inhaler is lost, forgotten or expired? That's where stock albuterol comes in.

## USA Albuterol

State Laws and Guidelines: As of April 2024

Currently **23** states including the District of Columbia have laws or guidelines permitting schools to stock emergency supplies of albuterol inhalers and administer to a student experiencing an asthma flare.
